## SAKO 85 HUNTER STAINLESS

SAKO 85 HUNTER STAINLESS has a series of actions which are designated: Short actions Extra Short (XS), Short (S) and Short Magnum (SM), Medium action (M) and Long action (L). All metal parts are made of stainless steel or are specially coated to ensure excellent wear and corrosion resistance in different weather conditions.

The ACTIONS continue to offer traditional SAKO features such as: action sizes matched to cartridges; mechanical ejection and integral tapered scope mount rail. Additionally there is a controlled feed on all models to ensure reliable cartridge feed to the chamber on all situations (Pat.pend.).

The MAGAZINE is detachable and it can also be loaded through the ejection port (except on XS model). Magazine release is prevented against accidental release (Pat. pend.).

The single-stage TRIGGER pull is adjustable from 1 kg to 2 kg (2 to 4 lbs). All models are available with a single-set trigger as option.

The SAFETY features a mechanism that allows loading and unloading of the rifle with safety engaged.

The straight, classic, walnut STOCK is oilfinished. Strong, extended recoil lug screwed on the fore-end.

SAKO 85 HUNTER STAINLESS is available without open sights. Integral rails for the scope mounts are on the top of the receiver.

The totally free-floating BARREL is cold hammer-forged of stainless steel.

### TECHNICAL DATA

Action	caliber	rate of twist	Overall length
<b>XS</b>	204 Ruger	12"	XS 1065 mm (41 15/16")
